My World

PRADA NECKLACE
"I often wear a simple dress and accessorise it with a big statement piece. I don't like dainty things and I always go for bold accessories such as this beautiful choker."

COLE HAAN SANDALS
"These gold sandals are classy and comfortable, thanks to the Nike Air technology inside the soles. They are perfect when I emcee an event as I have to stand for long hours."

BEBE JOHNSON DRESS
"I tend to wear dresses when I host events. I especially like the shape of this one, the A-line silhouette and obviously the colour combination."

LORETTA LEMOKA PERFUME
"I feel that this fragrance is a reflection of my personality: a juxtaposition of bitter woods such as liquorice and sweet essences such as cinnamon."

CHANEL J12 TIMEPIECE
"I always wear this watch. It's tough and classy and yet sporty, and a bit feminine with the tiny diamonds on the dial. White is my favourite colour and my lucky one."

"I love black and white because it's a very elegant and timeless combination. It's also classy, bold and extreme—just like my personality."

Chanel fall/winter 2012

GUESS JACKET/SKIRT
"It's very warm and comfortable. I bought it as a present to myself for my birthday after directing the theatre version of Victor/Victoria. I was probably inspired by the '30s vibe of the production."

PORTRAIT OF MUDIE
"I collaborated with jazz singer Laura Fygi for Victor/Victoria and her teenage daughter made this portrait of my dog for me. It's one of the most treasured artworks I own."

BROOCHES
"Because I like to wear cardigans, shawls and shirts, I often pin one of these brooches to them to make them more personal."

SAMSONITE VICTORIANO BOLT TRAVEL BAG SET
"They're very practical yet sensational. I love the design and it's a great conversation piece when I'm checking in for a flight."
